

MEETING WATERS YMCA BY THE NUMBERS FOR 2013

Some **BIG** numbers...

- 376** The number of different children that attended one or more of our state-licensed youth development programs in 2013 (*we help more youth **learn, grow and thrive** in the out-of-school hours than any other organization in our region*)
- 54** The percentage of our youth program participants that received financial assistance and/or subsidized services last year (*our programs and impacts are **accessible to all***)
- 140,000** The approximate number of "contact hours" Meeting Waters YMCA had with area youth last year (*learning, growing and thriving requires **consistent, sustained, nurturing relationships**... many kids spend nearly as many hours with us as they do in school!*)
- 24** The number of part-time or seasonal full-time employees between the ages of 16 and 21 (*we help more teenagers and young adults **further develop and share their talents and passion** through paid employment than any other agency in the Valley*)
- 14,000** A conservative estimate of the number of people for whom "the healthy choice is now an easier choice" thanks to our Healthy Communities Coalition's efforts
- 39** The number of VT and NH communities served by Meeting Waters YMCA last year (*our **reach is broad and deep***)
- 118** The number of years since our founding (*our **impacts are broad, deep and sustained***)

And three small numbers...

- 3** The number of full-time employees at Meeting Waters YMCA
- \$523,888** The number of dollars we spent to do all this and much more (*we're not only **effective, we're very efficient, too!***)

*FY13 (9/1/12-8/31/13)

**We strengthen the foundation of communities in the
Brattleboro, Bellows Falls, Springfield and Fall Mountain regions
by fostering youth development, healthy living, and social responsibility.**
