

Fall Mountain Regional High School—Meeting Waters YMCA  
Youth and Government

*“Youth and Government has been a great program that I’ve enjoyed every minute of. From the intensely heated debates to the long and strenuous research put into it, I’ve never lost interest for the three years that I’ve been involved.”*

*Joe Cenney  
Youth Representative*

*“My favorite part about Youth and Government is learning more about political issues. It is interesting to see different views among all the different teenagers in the state.”*

*Eva Hagan - Youth Representative*

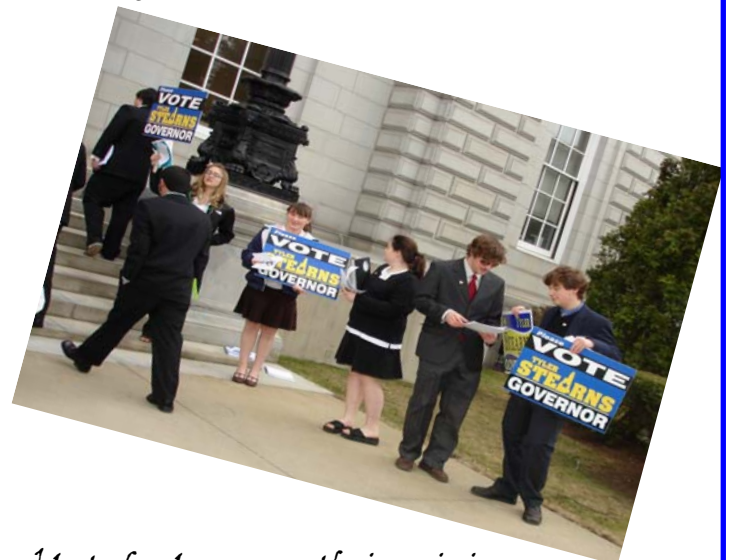

*Youth and Government is the only proper way to learn about local government. Actively participating in the legislature allows students to feel engaged and enthused.”*

*Ian Zimmerman- Youth Senator*

*“The best thing about Youth and Government is the fact that I can engage in intelligent debates with my peers. It causes me to see many viewpoints on a subject and to come up with legitimate rebuttals. Since everyone present is so engaged in the debates, it makes it all that much better.”*

*Nathaniel Locke  
Youth Senator*

*“In Youth and Government, students are able to freely express their opinions in a non-judgmental setting.”*

*Kayla Kennett- Youth Representative*
